PROJECTS

MINI Project

● Pharmacy Management System

Designed and implemented a comprehensive Pharmacy Management System using PHP, CSS, Bootstrap, and MySQL database.

Developed a user-friendly interface for the Pharmacy Management System to facilitate efficient inventory management and sales tracking.

Utilized MySQL to create a robust database system, ensuring accurate and real-time data management. Implemented secure login mechanisms to protect sensitive information.

Technologies Used:

- PHP
- CSS
- Bootstrap
- MySQL Database

Skills Demonstrated:

- Web Development
- Database Management
- User Interface Design
- System Optimization
- Project Planning and Execution
